What you need to prepare before the class:

Please prepare 4 sheets for painting exercises. We will do two different paintings, maybe twice . We will see how it goes.

Also, we will need a pencil and eraser. Make sure that you have a hair dryer handy.

We will use only Paynes' Grey colour. If you do not have one, please consider purchasing it. Otherwise, your painting might not have the same effects.

Although, you could mix any black paint and Ultramarine.

We will do a pencil sketch for the first exercise at the beginning of the class. If you want you can do a pencil sketch by yourself using this photo as a guidance.
